Minutes of board of directors
And members meeting
6/23/2010

President Harvey opened the meeting at the Yuma Airport Board Room at 12:05 P.M.

Members and guests in attendance: see attached

President Harvey introduced our guest speaker, Greg Wilkinson, City Administrator, City of Yuma. President Harvey told us this meeting would be a little different than normal as our speaker was on a time schedule. Therefore regular meeting items were postponed.

City Administrator Greg gave us a brief background of himself. He expressed his willingness of himself and all employees of the City of Yuma to be customer friendly. He mentioned that the City like us has had cutbacks. Some 154 city positions have not been replaced. There are extreme budget constraints and many items not filled. He then mentioned three items he felt we are most concerned about:

- 1) Public Safety Tax: It will be on our next ballot. While he is against taxes he feels this one is needed to help departments such as fire and police.
- 2) Wastewater Management: He gave a update of its condition and what to expect in the future
- 3) Impact Fees: He stated he felt they were high considering the current economic conditions and feels the must be reviewed.

He stated that he needs his employees to have authority to do their jobs but also be accountable for their actions then asked for questions and was asked several about the these items but also about pushing the **City to buy local**.

He asked that we run our situations through the normal channels but if all else fails to contact him as a last resort.

President Harvey then took over for our Regular meeting;

The 5/26/10 minutes had been distributed, read and approved unanimously

1) Ken Rosevear gave us an update on the F-35 aircrafts and our need for them to be here. All members need to go to website Yuma F35 and vote our support

2) President Harvey mentioned we will be dark for July with the next meeting August 26, 2010

3) Member John Weil mentioned he was working on a committee to change the City charter

4) The remaining items on the agenda were tabled by President Harvey until the August meeting.

With no further discussion President Harvey adjourned the meeting at 1:20 P.M.

REMEMBER WE ARE DARK IN JULY; next meeting will be August 25, 2010 noon at the Airport Authority.

Respectfully Yours

A handwritten signature in black ink, appearing to read "Jack", written over the printed name.

Jack H. Puckett
Secretary

Memo
